

Online Bible Study FAQ

What do I need to get started?

All you need is your Bible, the #BeTheChurch workbook, a writing utensil and access to the internet! Additionally, you need 15-30 minutes set aside five days a week, ideally with friends who can go through the study with you!

How does the study work?

There are different levels of participation in this study.

First: Purchase the study book, written by our Central Women Writing team. This book will be your best bet in diving deeper into the study. The book is available in print for \$16, or a downloadable pdf for \$5. If you purchase the pdf and are hoping to print it, please know the book is over 100 pages! Make sure you have enough ink!

Second: Every Monday morning, you'll receive an email about the study and information for the week including discussion questions for you to go through with a group, or to chime in on our Facebook group.

Is there homework?

There are five days of study each week. Days will include journal prompts and study. We ask that you would join the conversation on our Facebook group. Joining the discussion will help each of us to process the content we are studying, as well as hear from others on how they are applying what they learn to everyday life!

Do I need to have a certain translation of the bible?

No, we will use NIV for all scripture posted, however any version that you have will work.

How do I connect with women and share what I am learning?

After each study, as you process what you are reading, join the conversation online on the Facebook group. Once you are registered, you can join the group via a link sent in the confirmation email.

Tag us on your social media outlets using #BeTheChurch

Is there a comment/post policy?

Yes, Central's website as well as any Facebook page associated with Central Women is designed to be a safe place to share what the Holy Spirit is revealing to you through scripture. If there is anything shared or posted which may compromise the integrity of the site and the study, we will remove it. We ask that anything shared is shared in a spirit of love and unity.

Do I have to have Facebook to participate in the study?

It would be ideal for you to have Facebook so that you can participate in the weekly discussions online with other women. However, you are free to purchase the workbook and work through it on your own without have Facebook. Just note that you will not have the online or weekly discussions with the rest of the group.

Can I pick up my book instead of paying for shipping?

Unfortunately, this year due to restrictions in place in our local communities, picking up the book is not an option. We will be mailing books to you and the shipping is included in the price of the book.

What happens if I don't want a printed book?

If you don't want the printed book, then you can purchase the pdf version, it is exactly the same. Make sure you have a journal handy so you can still journal as you work through the weeks.

Is there a cost to participate in the study?

Sort of! The only cost is to purchase the study materials. The book is available in print for \$16 or you can purchase a downloadable pdf for \$5.
