

Central traded weekend services for a morning of serving in the community!

We invite you to trade in your normal LG routine as well. There will be no Sermon Companion for this week, but here are some great options for your group:

Fellowship Option:

Opt for a game night or BBQ with your Life Group this week. Use this time to decompress after an amazing weekend of serving. Share stories about what you saw God doing through the Mobilize project!

Study Option:

Our friends at North Point Ministries provide free (one and two-part) streamable small group studies through their *Anthology* resource. Check out this one-part study called **Renovate** with your LG this week.

Advice about personal growth often focuses on changing problematic behaviors or emotions. But what if the driving force behind how we act and feel is something different? “Check the Foundation” with this free small group study:

Renovate [Video Link](#)

Renovate [Discussion Guide Link](#)

(Provide each LG member with the discussion guide)
